

Good Annual Blood Lab Tests (Fasting at least 10 hours before the blood draw!)

Basic Blood Work

Complete Blood Chemistry (CBC) with differential and platelets

CBC, WBC, RBC
HGB, Hematocrit, Mean Corpuscular Volume
MCH, MCHC, Differential
PMN, Bands, Lymphocytes
Monocytes, Eosinophils, Basophils
RDW, RBC morphology
Platelets, Sedimentation (Sed) Rate
Electrolytes, Sodium, Potassium
Chloride, Carbon Dioxide, Anion Gap
Total Protein, Albumin, Globulin, A/G Ratio
LDH, SGOT, SGPT, GGTP
Bilirubin (Total), Bilirubin (Direct)
Alkaline Phosphatase, Calcium
Phosphorous, Uric Acid
BUN, Creatinine, B/C Ratio
Glucose, Cholesterol, Triglycerides
HDL, LDL

Thyroid Panel Blood Work

Free T3, Free T4, Reverse T3 and Thyroid
Antibodies TPO AB and TG AB
TSH
T3 T4 and FTI
TPO AB and TG AB

Cardiac Blood Work

CRP, PLAC, Lp(a), Homocysteine, Fibrinogen

Vitamin D Blood Work

25-OH-D

Sugar Blood Work

Fasting Blood Glucose
Insulin
HGC A1C

Others Blood Work

Blood Type
pH
Ionized Calcium
DHEA-S
Ferritin
Copper
B12

Urine

Comprehensive urinalysis
24-Hour, Iodine Urine Analysis
Measures Iodine content in the urine in support of
thyroid and iodine deficient

** Online Lab Access

No doctor prescription necessary Patient orders and pays online www.DirectLabs.com

or

contact Dr. Brown at 719-423-0306 for the office to order these labs for you.
